The world is in dire need of leaders and policy professional that have good character—strong conviction, accountability, humility, integrity, equality, responsible, discipline and sacrifice. Good character is not formed in a matter of weeks or months. It is developed gradually, day after day, through protraction and patience. Effective leaders cultivate vital attitudes, characteristics and qualities that are pertinent to effective leadership. If you know and believe in this vision, then join this association to move the world forward.
